

## **EVERLEGENDS PLATFORM OPEN BETA TESTING NOTICE**

---

### **1. BETA STATUS OF THE PLATFORM**

The EverLegends Platform is currently operating in an **Open Beta Testing phase**.

The purpose of the beta phase is to test technological functionality, analytical systems, evaluation mechanisms, and overall platform performance under real operating conditions.

During this period, the Platform may continue active development and improvement.

---

### **2. EXPERIMENTAL NATURE OF FUNCTIONALITY**

Users acknowledge and agree that during beta testing:

- certain features may operate in experimental mode;
- Platform functionality may change without prior notice;
- analytical algorithms and evaluation methodologies may be updated;
- rankings and interface elements may be modified;
- temporary interruptions or technical errors may occur.

The Operator does not guarantee uninterrupted or error-free operation during the beta phase.

---

### **3. SERVICE EXPECTATIONS**

Participation in the beta version of the Platform means that Users understand and accept that:

- services are provided for testing and development purposes;
- system behavior may evolve over time;
- results, rankings, or analytical outputs may be recalculated or adjusted where necessary for system integrity.

Beta participation implies cooperation in improving Platform performance.

---

#### **4. PAYMENTS DURING BETA PHASE**

Payments made during the beta phase constitute payment for access to **digital analytical processing services** available at the time of use.

Payment is not dependent on:

- ranking position,
- future Platform functionality,
- availability of promotional programs,
- continuation of specific features.

Completion of analytical processing constitutes proper service delivery.

---

#### **5. PROMOTIONAL AND INCENTIVE PROGRAMS**

Any incentive or promotional initiatives available during the beta phase are experimental and may:

- be modified,
- suspended,
- replaced,
- or discontinued.

Such initiatives do not form guaranteed obligations of the Operator.

---

#### **6. DATA AND TESTING FEEDBACK**

During beta testing, the Operator may analyze system usage, performance metrics, and user interaction data for purposes of improving Platform functionality and stability.

Users may voluntarily provide feedback regarding Platform operation.

---

#### **7. LIMITATION OF LIABILITY DURING BETA**

To the maximum extent permitted by law:

- temporary failures,
- delays,
- recalculations,
- feature modifications,
- or testing adjustments

shall not be considered improper performance of services.

---

## **8. TRANSITION FROM BETA**

The Operator may declare completion of the beta phase at its sole discretion.

Continuation of Platform use after beta completion shall remain governed by the User Agreement.

---

## **9. USER ACKNOWLEDGEMENT**

By continuing to use the EverLegends Platform during the beta phase, the User confirms understanding and acceptance of this Beta Testing Notice.
